Monthly Emergency Population Release Report - February 2006

February ended with a total of 126 emergency population releases occurring on 9 days during the month. This is 42 releases less than January's total of 168 releases; a 33% decrease and a 92% decrease from February 2005's total of 242 releases. All 126 releases for February 2006 were unsentenced; 116 were males and 10 were females. High scores of those released early have been steadily decreasing since August 2005 which averaged at 93.8, compared to February's average high score of 41.0. In August of 2005 overall scores averaged 42.8; February's overall scores of those released early averaged 26.3. Jail capacity stayed at 1690 beds during February. Listed below are the crime descriptions of those released in February, and the number of occurrences for each.
