Standard Bookings

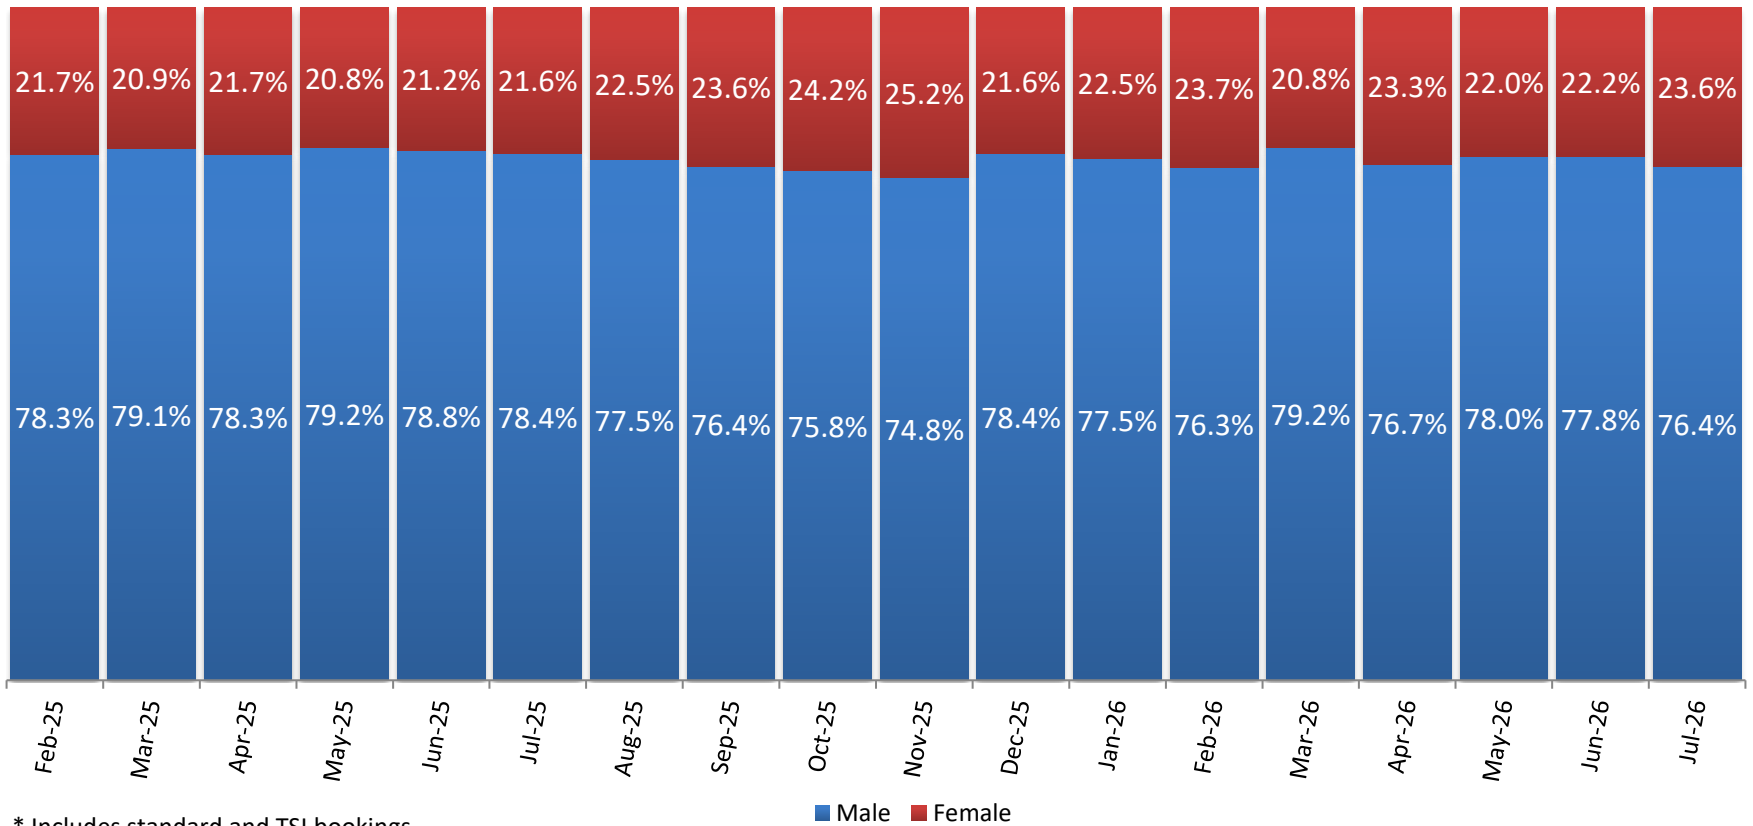

Standard bookings totaled 1,801 in July, averaging 58 bookings per day.

Turn-Self In and In-Transit Bookings

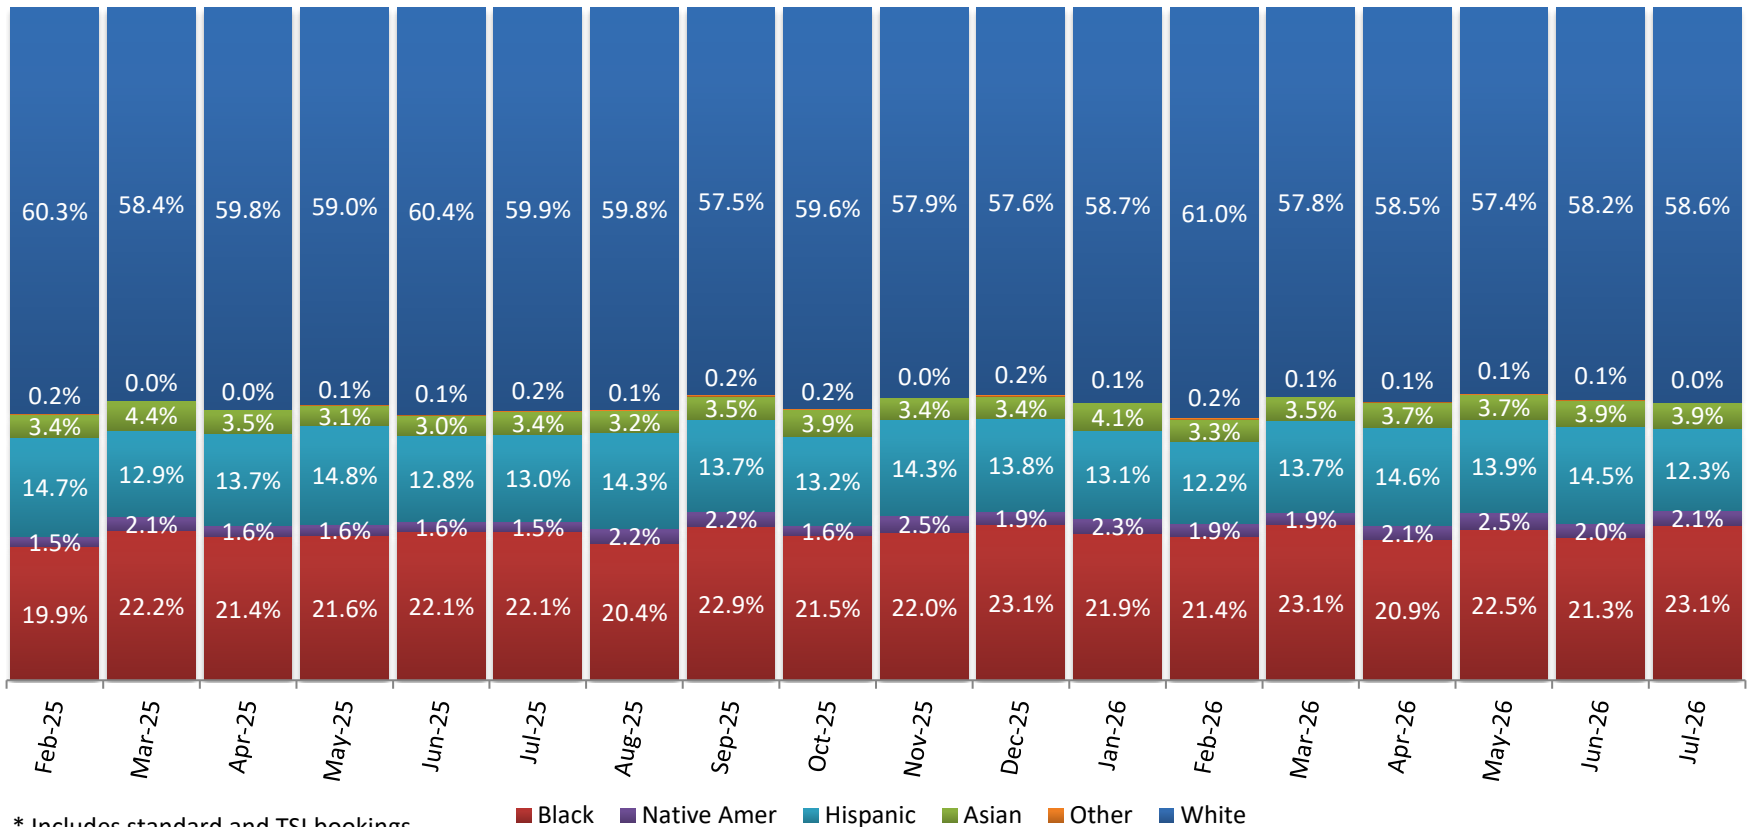

In-Transit bookings are individuals being held for other jurisdictions while being transported. While those In-Transit July stay overnight, they do not impact the daily jail system count. Turn-Self In (TSI) bookings are situations in which a person has been sentenced and ordered to return to jail at a later date.

Gender Composition of Bookings

The percent of females and males booked is typically between 17 - 23% and 76 - 83%, respectively.

Ethnic Composition of Bookings

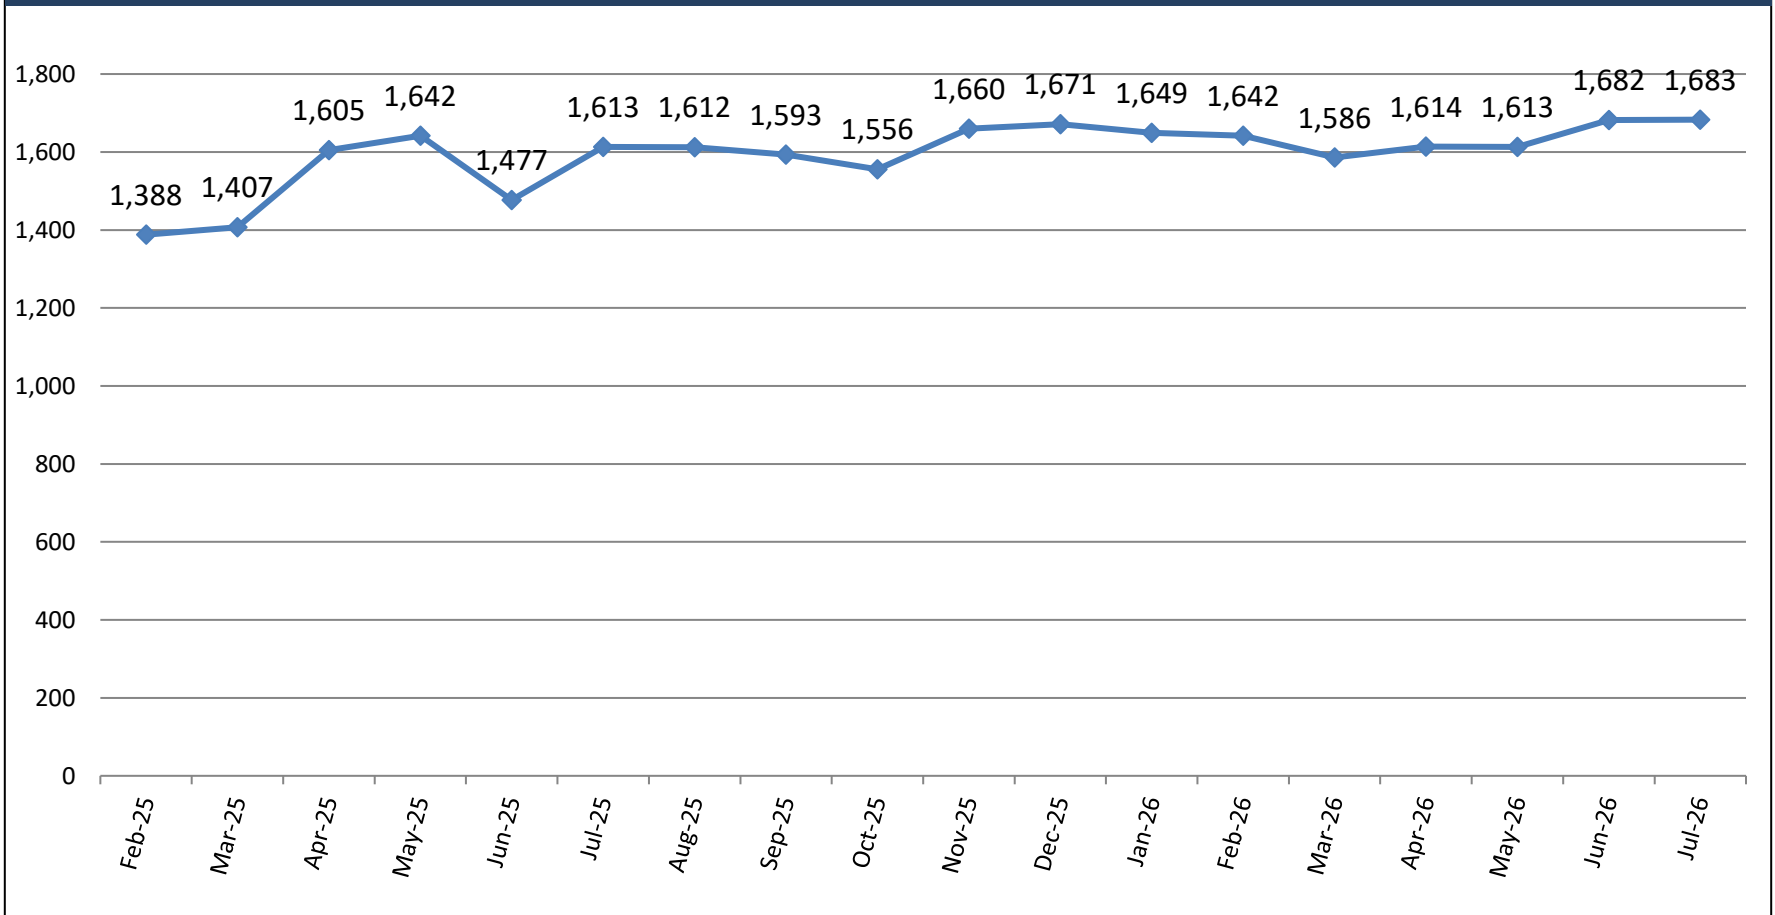

The Multnomah County Sheriff's Office recognizes the right for people to self-identify their race/ethnicity and the limitations the current booking data system has in this regard.

Demographics for Multnomah County can be found at:

[https://data.census.gov/profile/Multnomah County, Oregon?g=050XX00US41051](https://data.census.gov/profile/Multnomah%20County,%20Oregon?g=050XX00US41051)

Total Releases

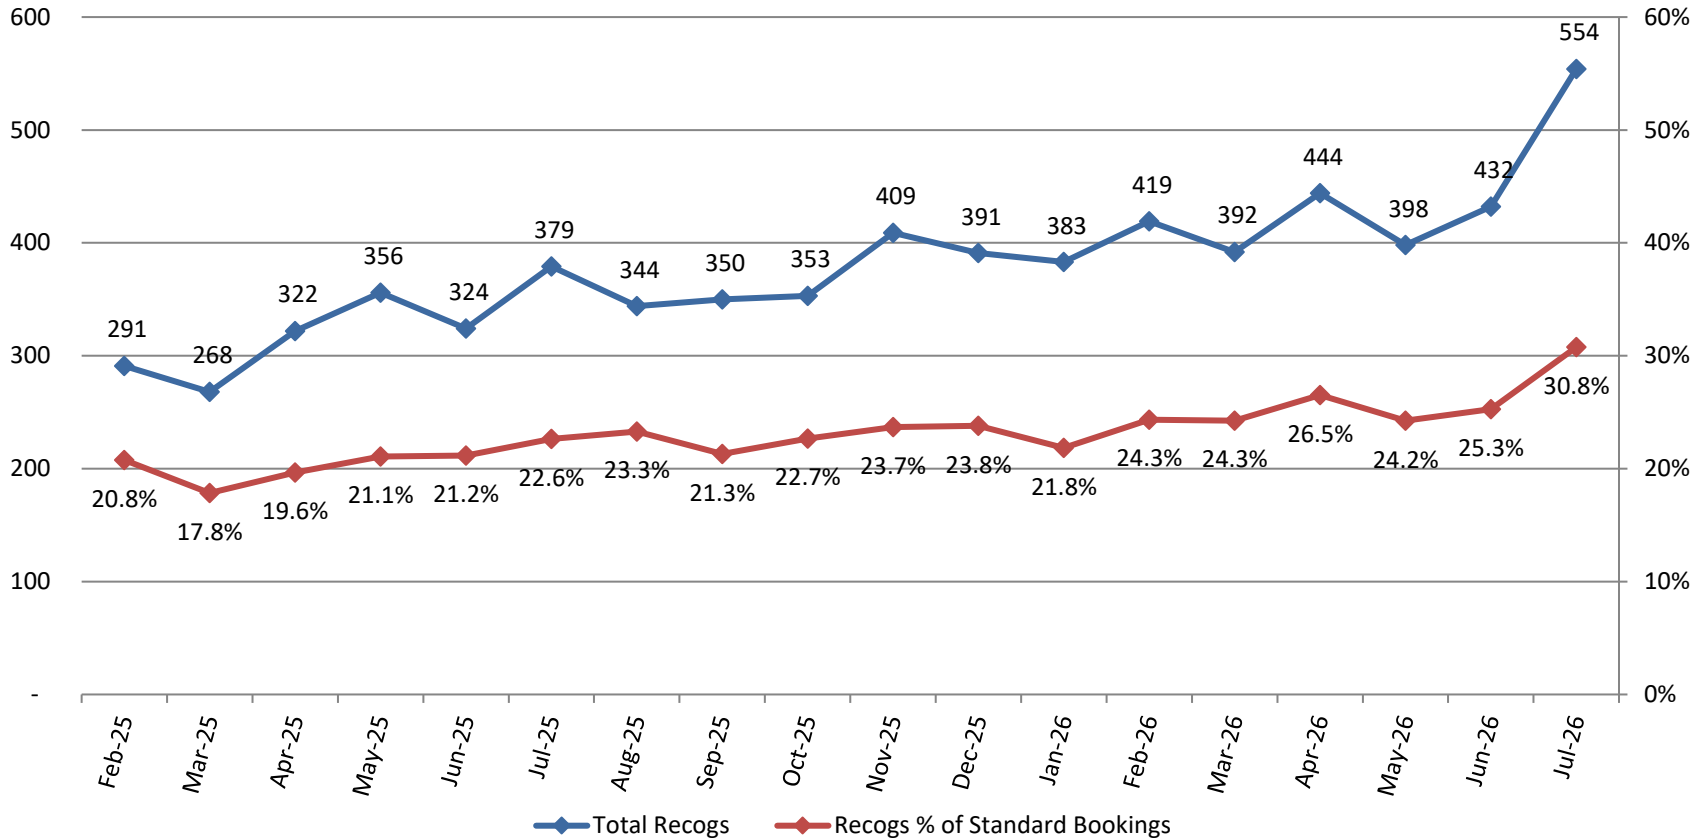

(standard bookings only)

Releases among standard bookings averaged 54 per day in July.

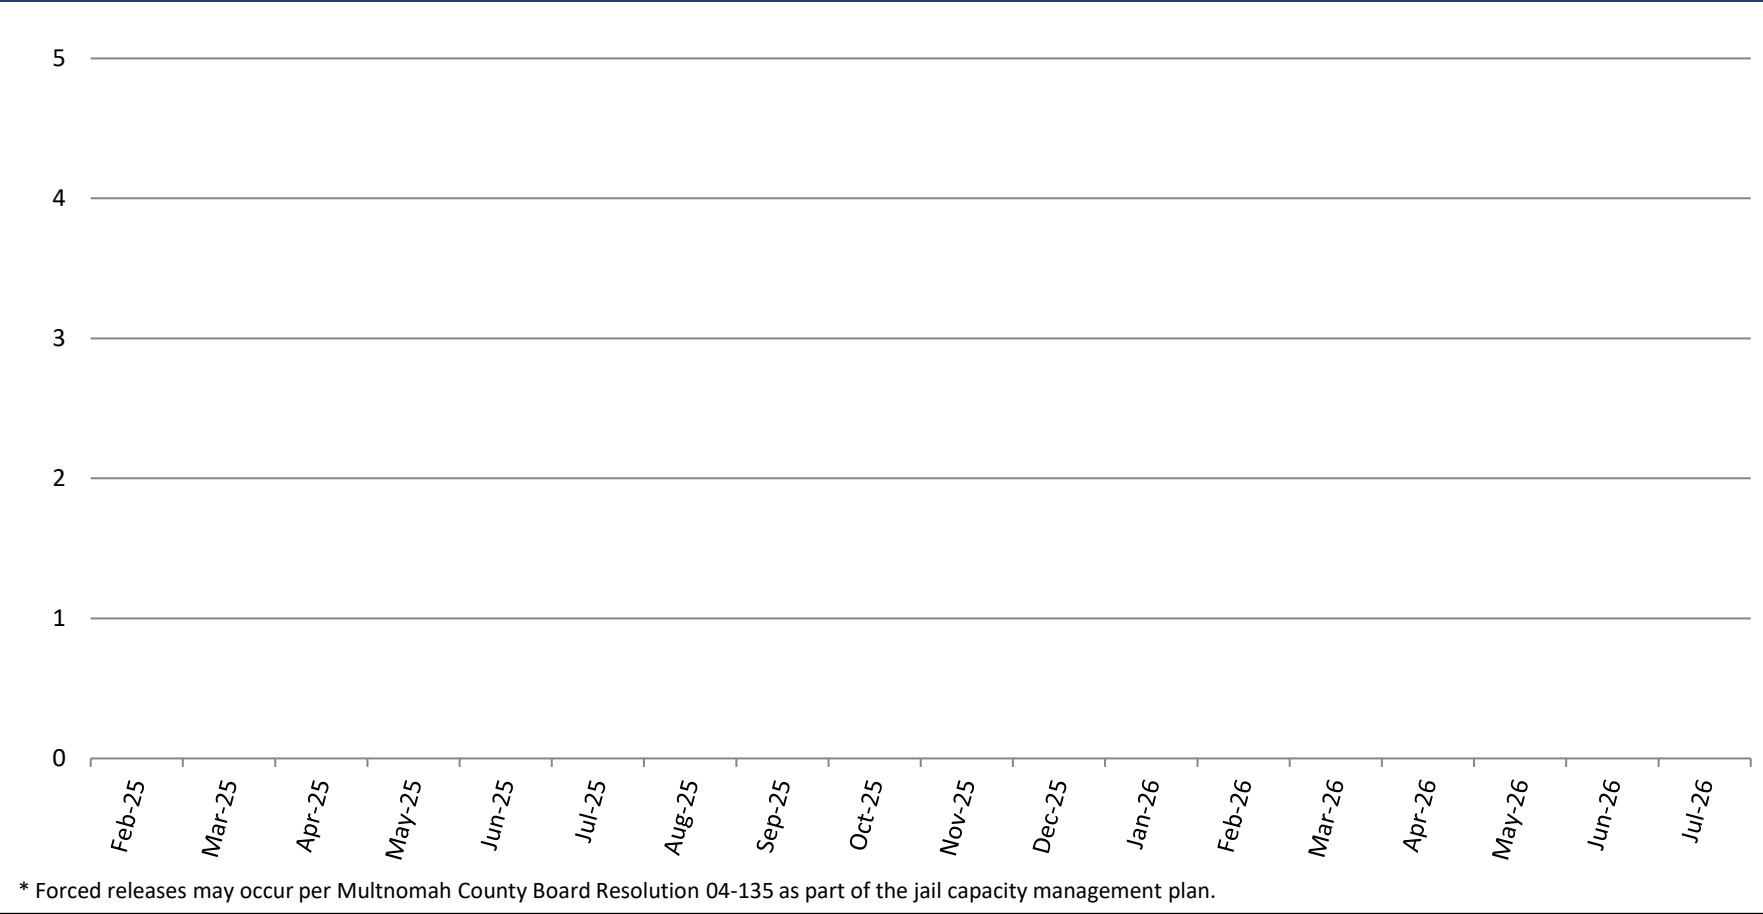

Recognizance Releases

(subset of total releases)

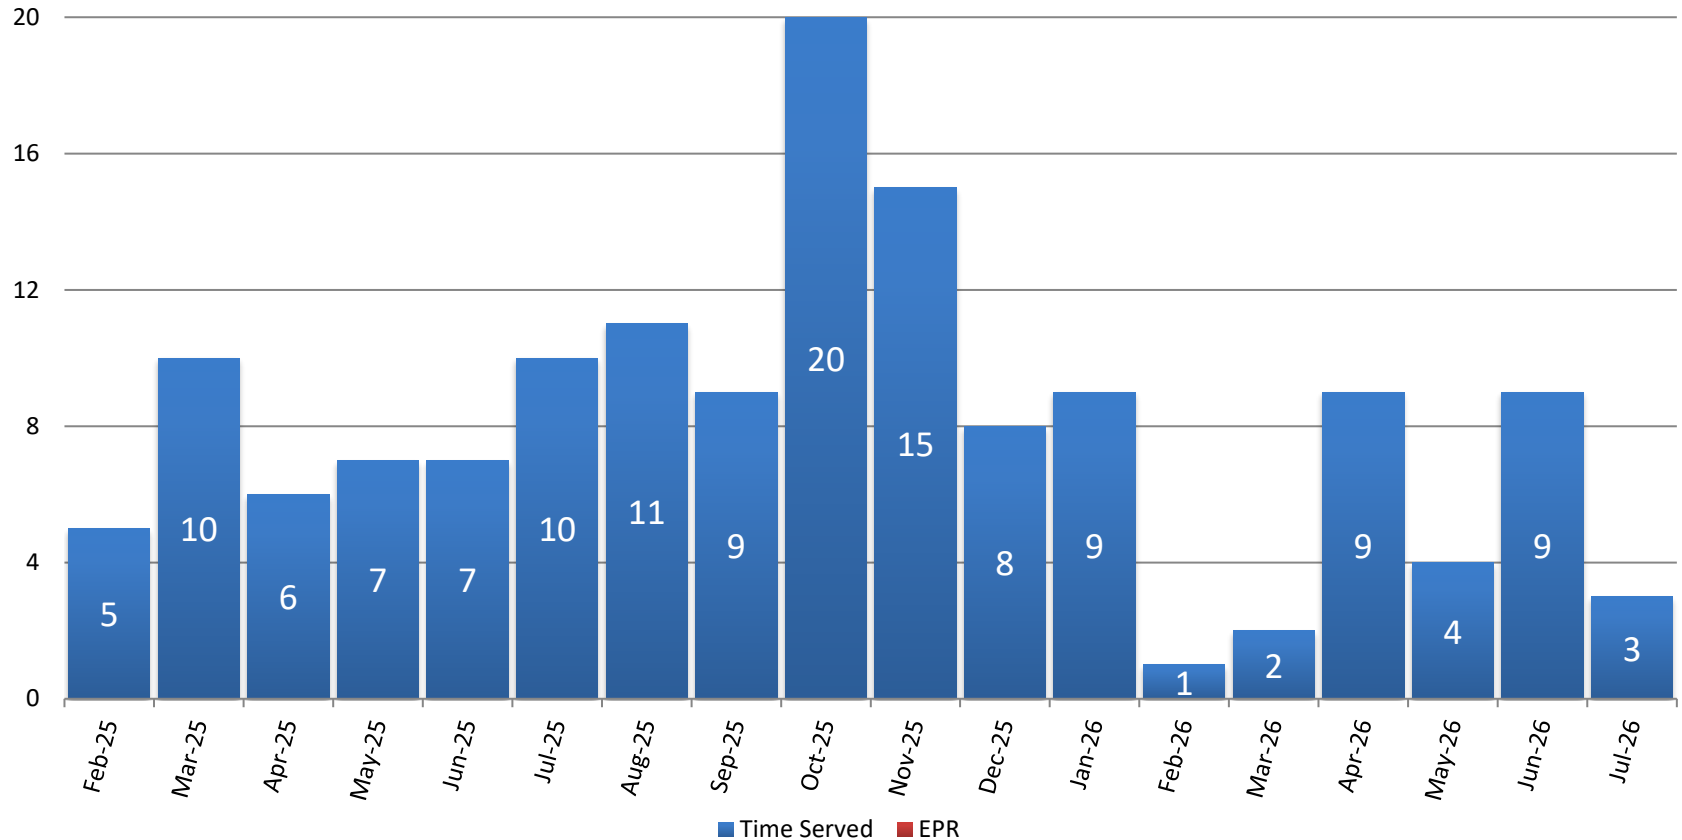

Recognizance releases averaged 18 per day in July. Just above 30% of all standard bookings were released on their own recognizance in July.

Forced Releases (EPRs)

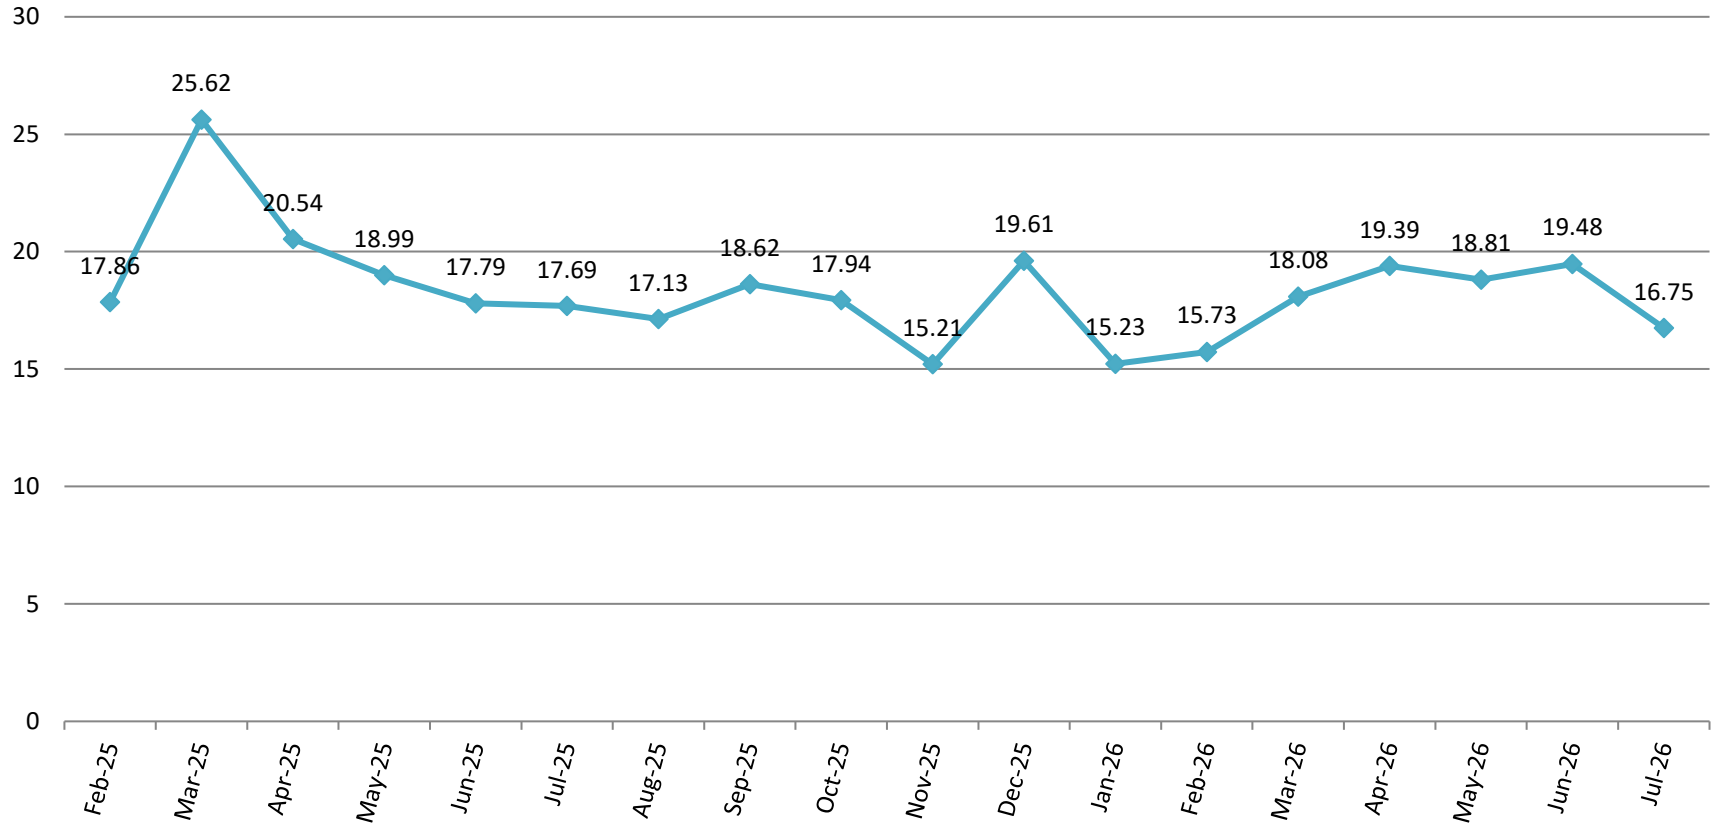

There were no forced releases in July or in the previous 18 months.

Releases between 12 AM and 8 AM

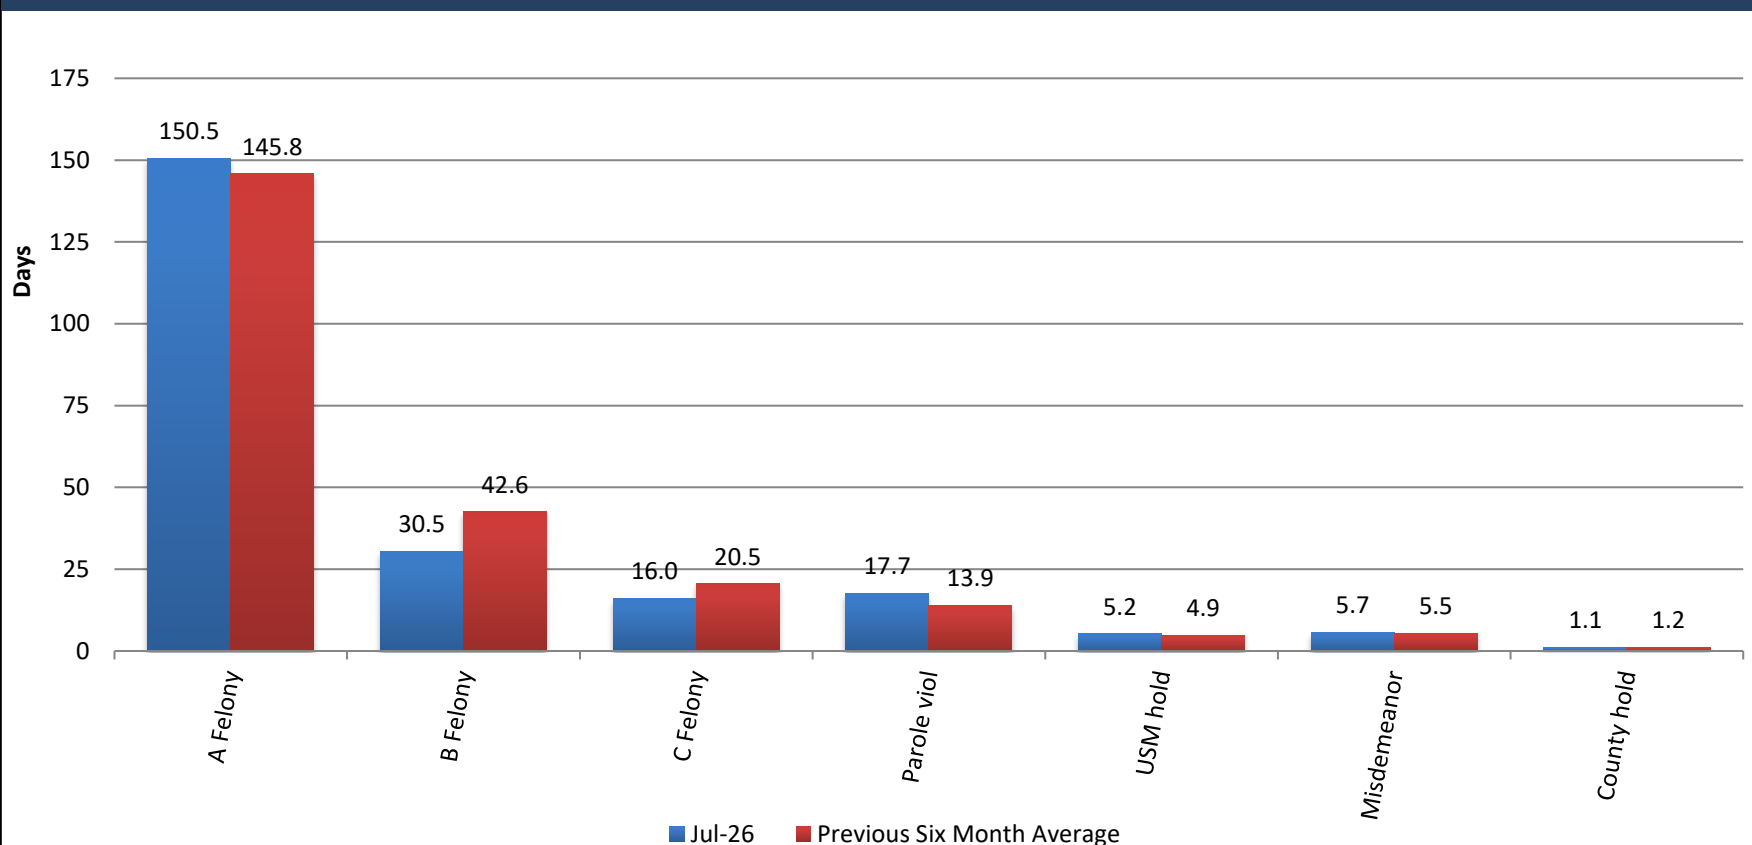

In July, there was one court ordered release and two releases between Midnight and 8 AM of individuals who had served their sentence.

Average Length of Stay (in days)

The average length of stay was 16.75 days for people released in July.

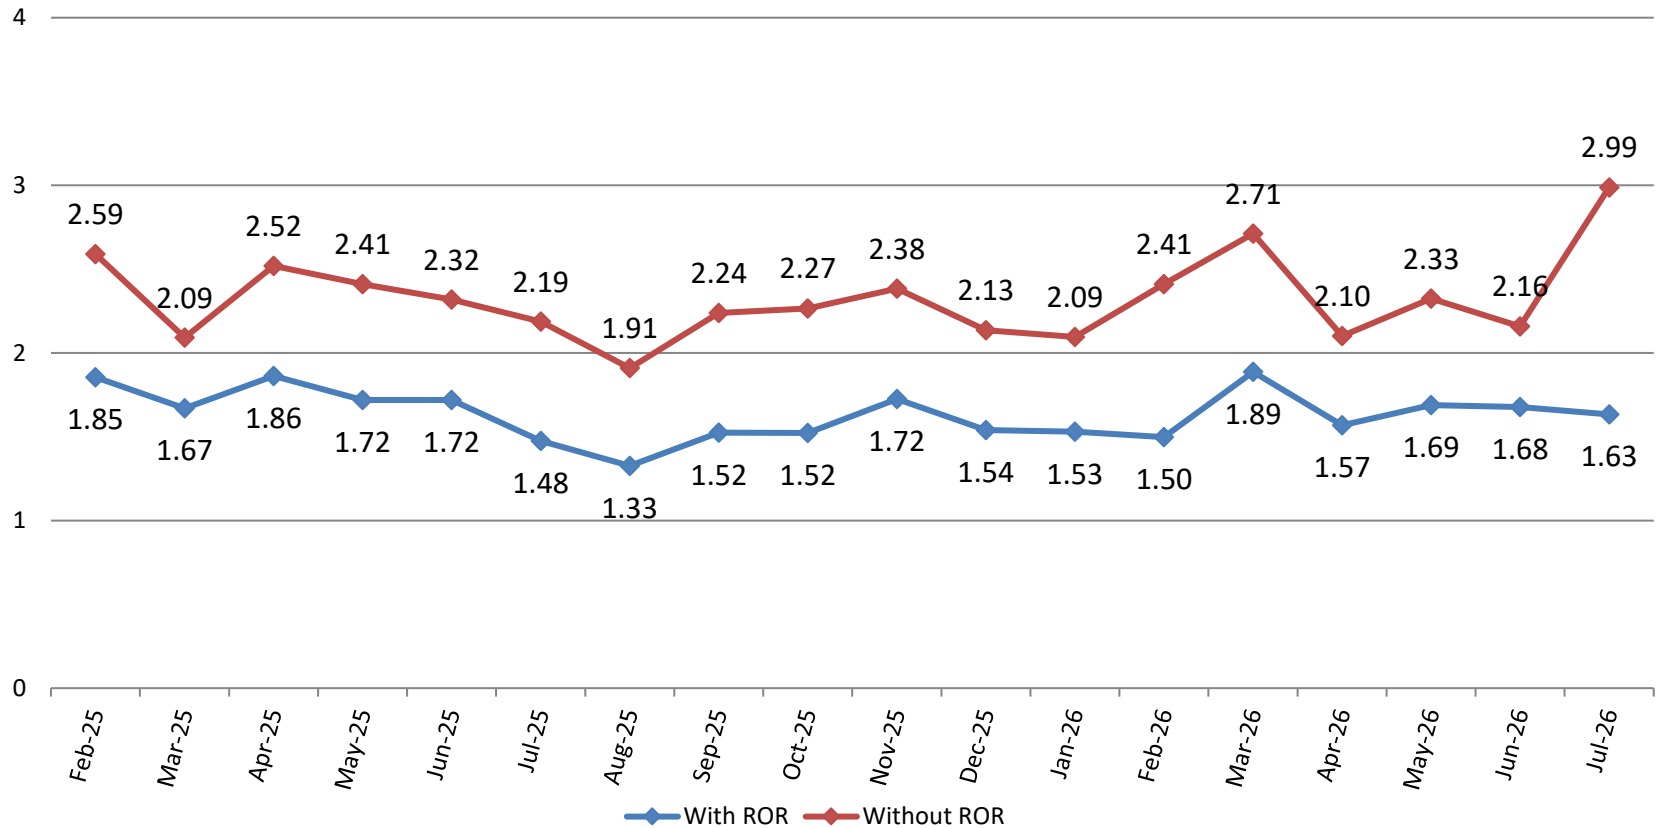

Average Length of Stay by Charge Priority (for releases during the month)

* Data based on primary or most serious charge, regardless of status of the case.

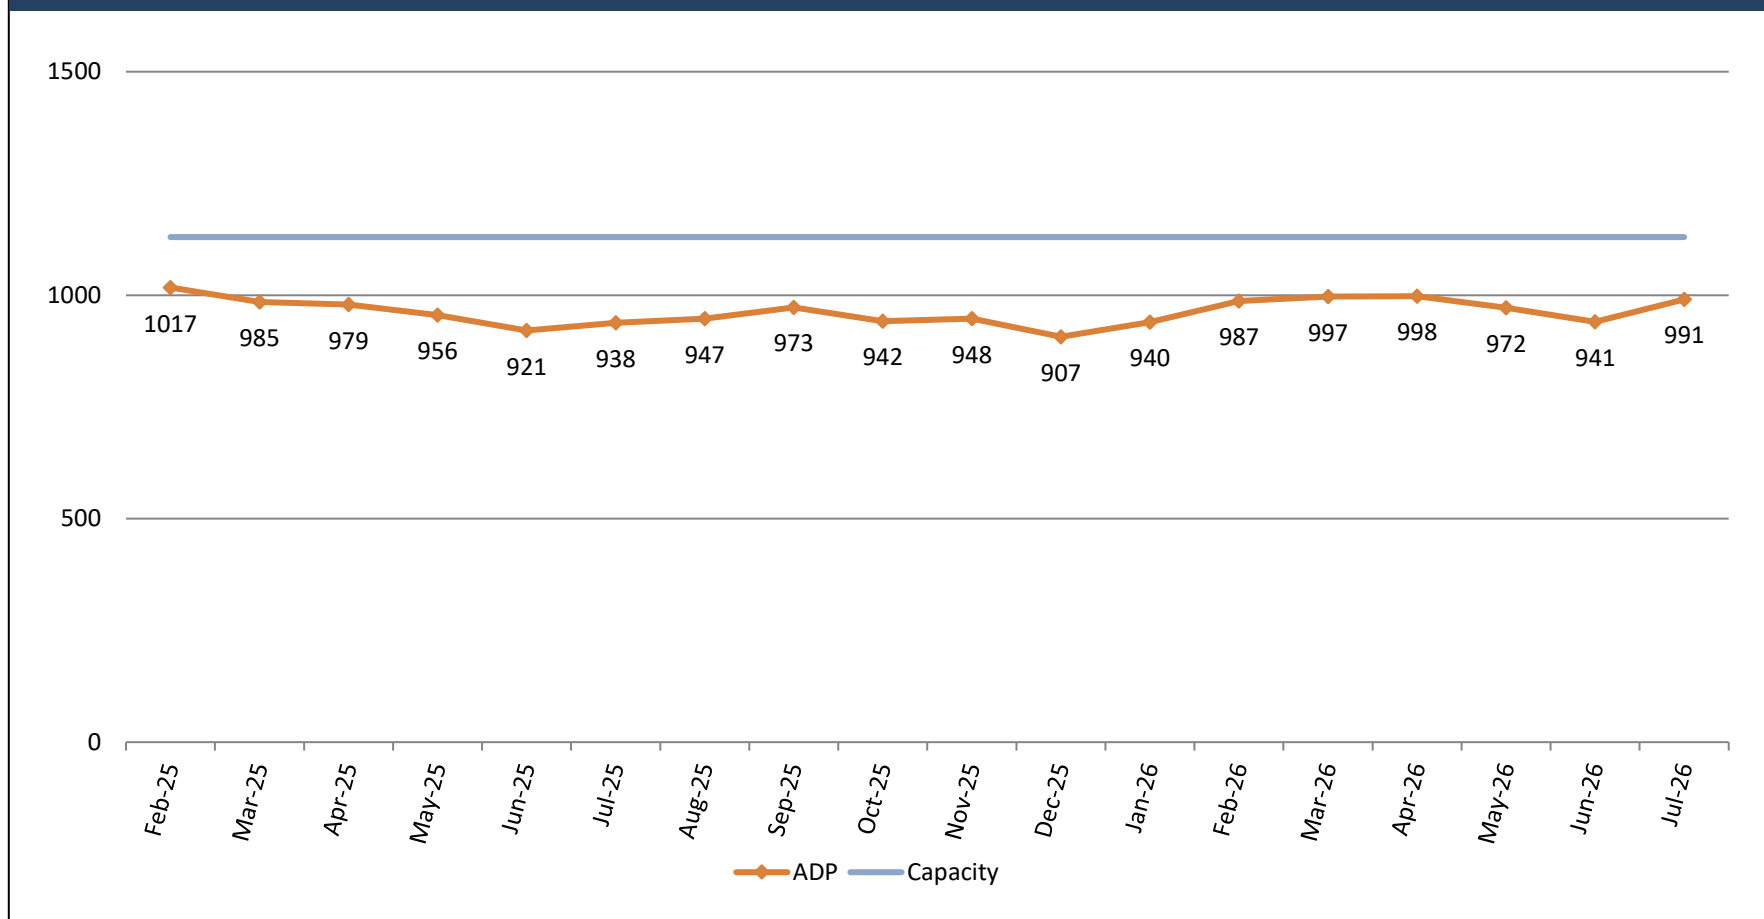

In July, the average length of stay increased for Class A Felonies, Parole Violations, USM Holds, and Misdemeanors, but decreased for Class B Felonies, Class C Felonies, and County Holds.

Median Length of Stay (in days)

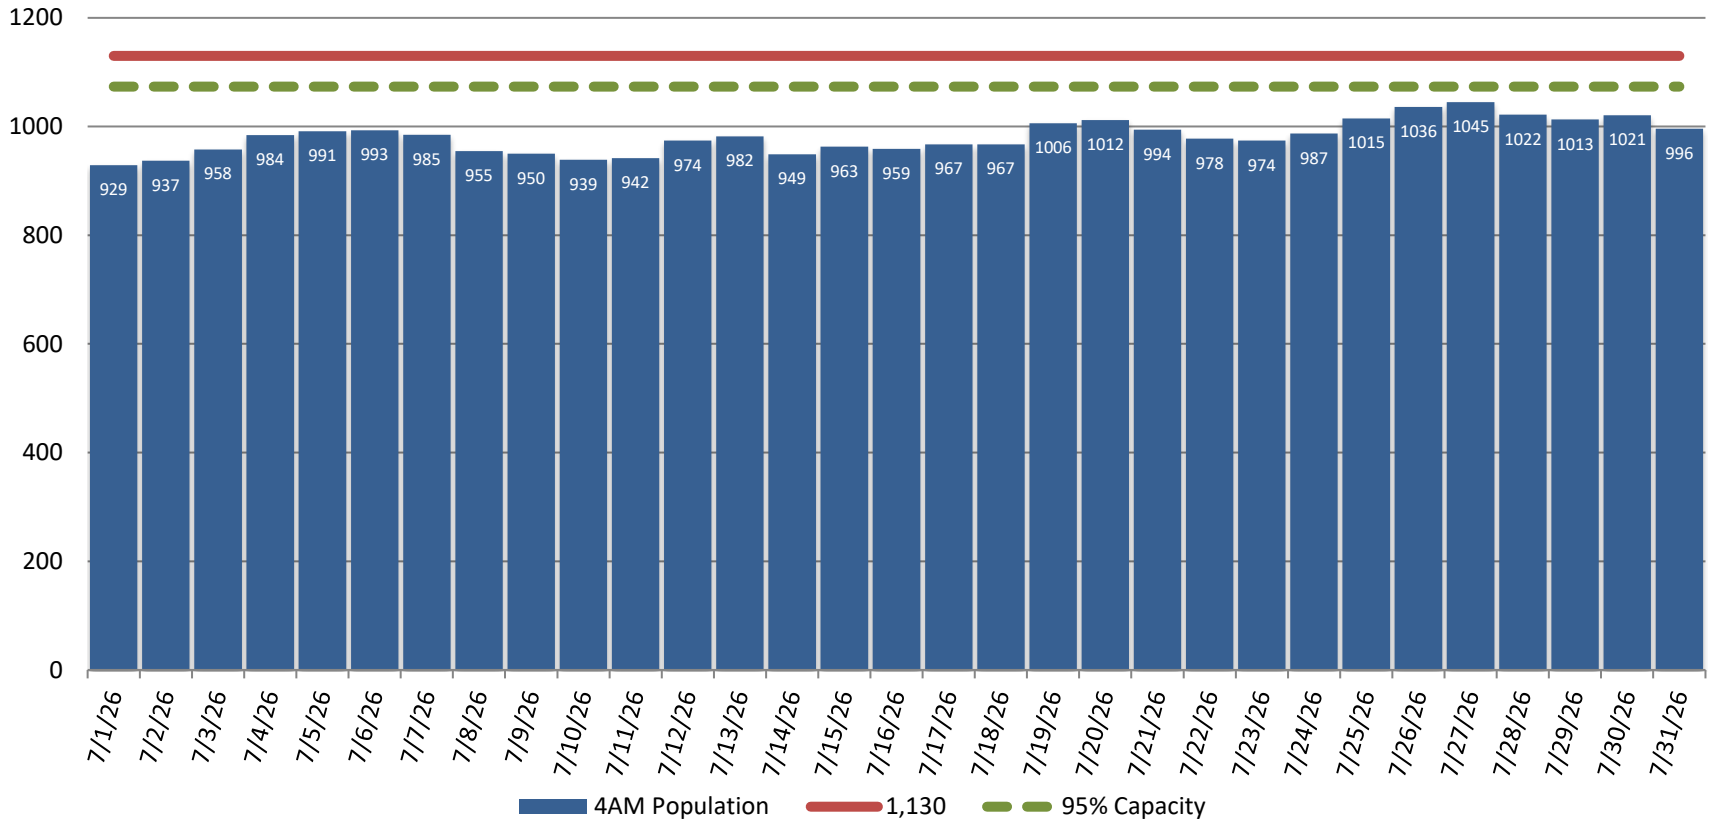

The median length of stay was 1.63 days for July releases. Removing Releases on Recognizance (ROR) results in a median length of stay of 2.99 days.

Average Daily Population

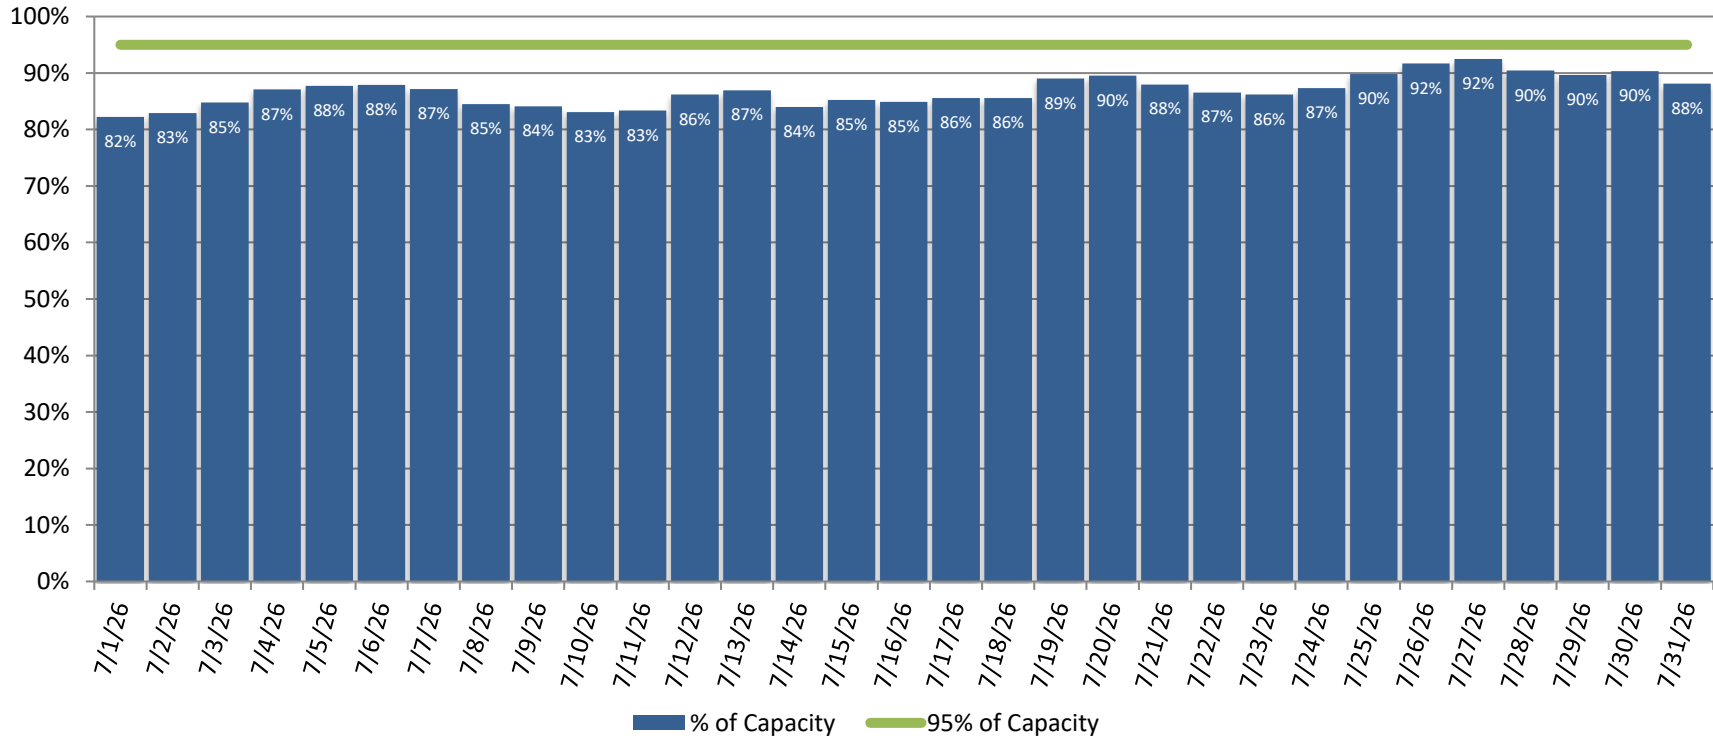

On August 1, 2023, the budgeted jail capacity increased to 1,130 jail beds. The average daily population in July was 991, which is 88% of the budgeted capacity.

Daily Population

The 4 AM daily population did not exceed 95% of budgeted capacity in July.

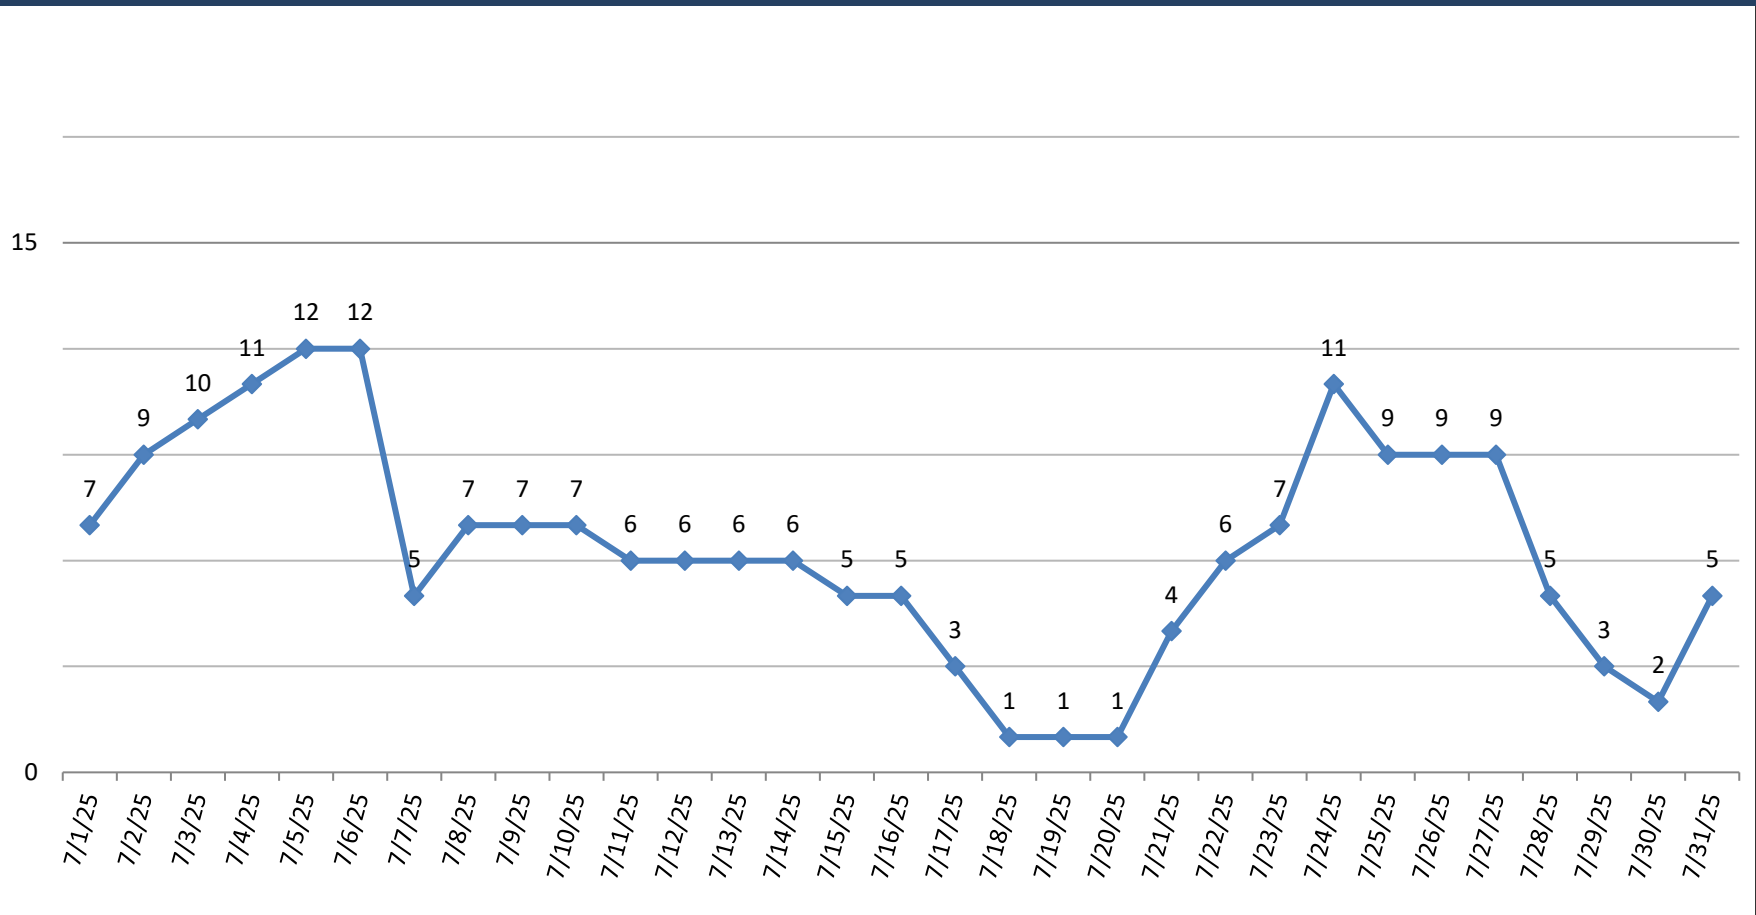

Percentage of Capacity by Day

* Red bars indicate days on which EPRs occurred. EPRs do not always or only occur when capacity exceeds the 95% threshold. Efforts are made to balance the population to the demands of the classification system for specific types of jail beds. Additionally, jail capacity varies throughout the day. These capacity calculations are based on 4 AM population counts.

In July 2025, the Multnomah County Board of Commissioners adopted the Population Emergency Release Plan ([2026-013](#)). The plan states the existence of a jail population emergency when the population reaches 95% of budgeted capacity and outlines the processes established to resolve the emergency.

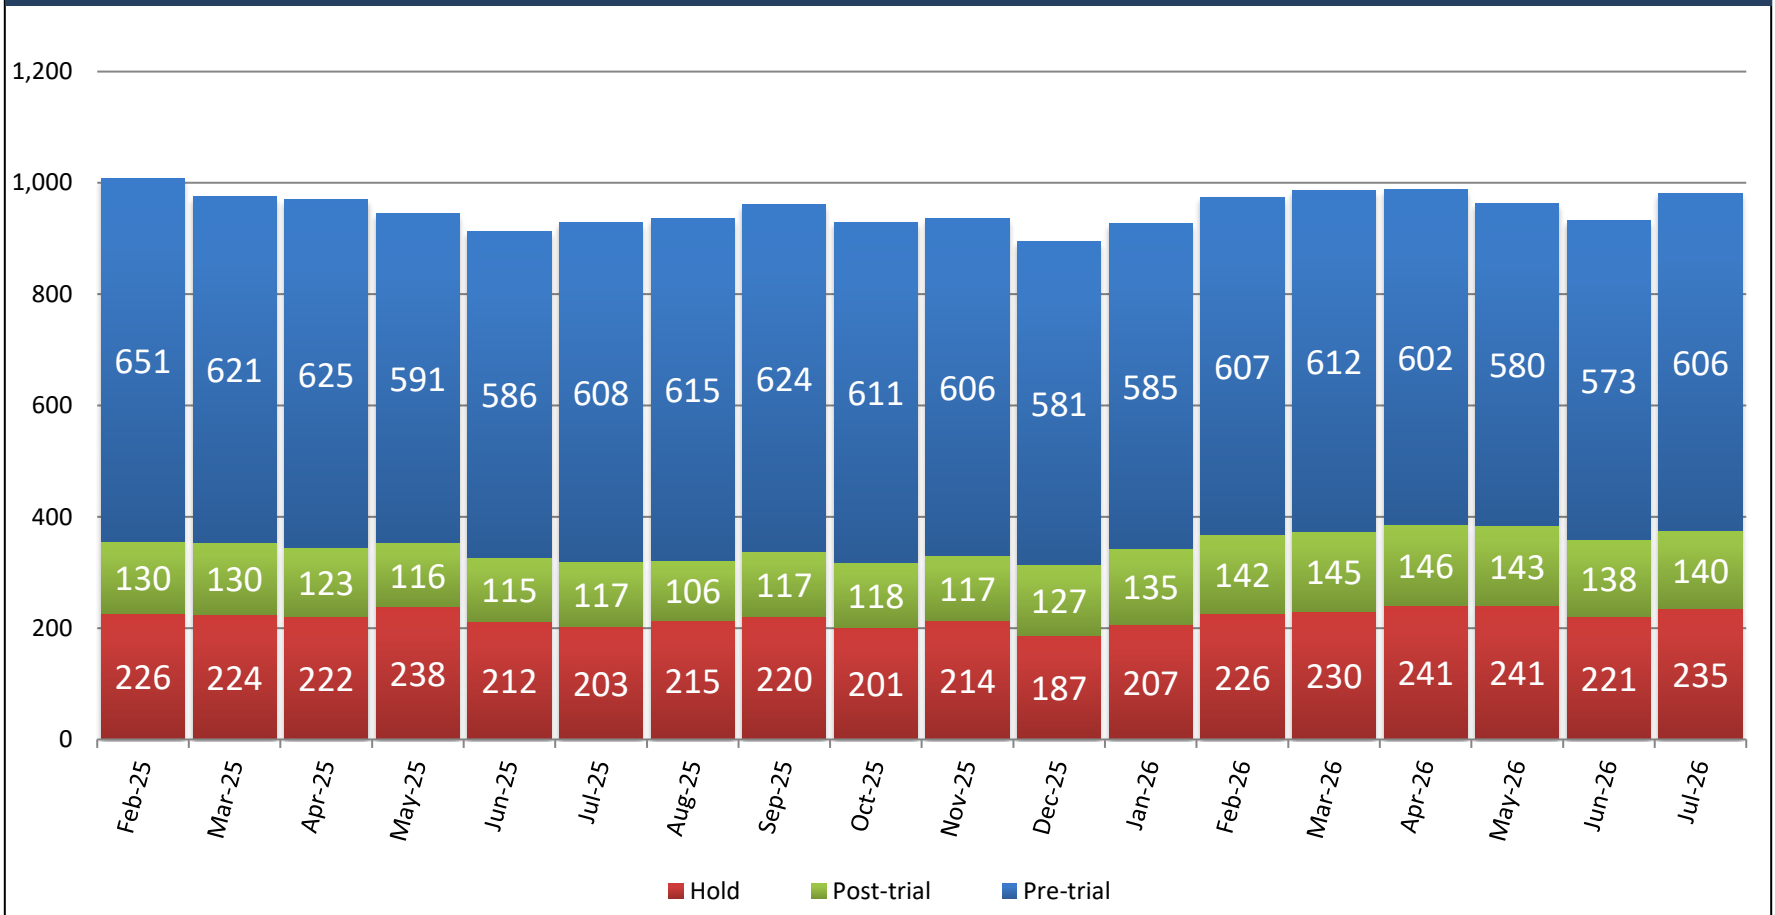

Daily Count of Exclusive U.S. Marshal Adults in Custody

July averaged 6 US Marshal adults in custody per day. As US Marshal counts per day July change over time, these data are as of August 5, 2026.

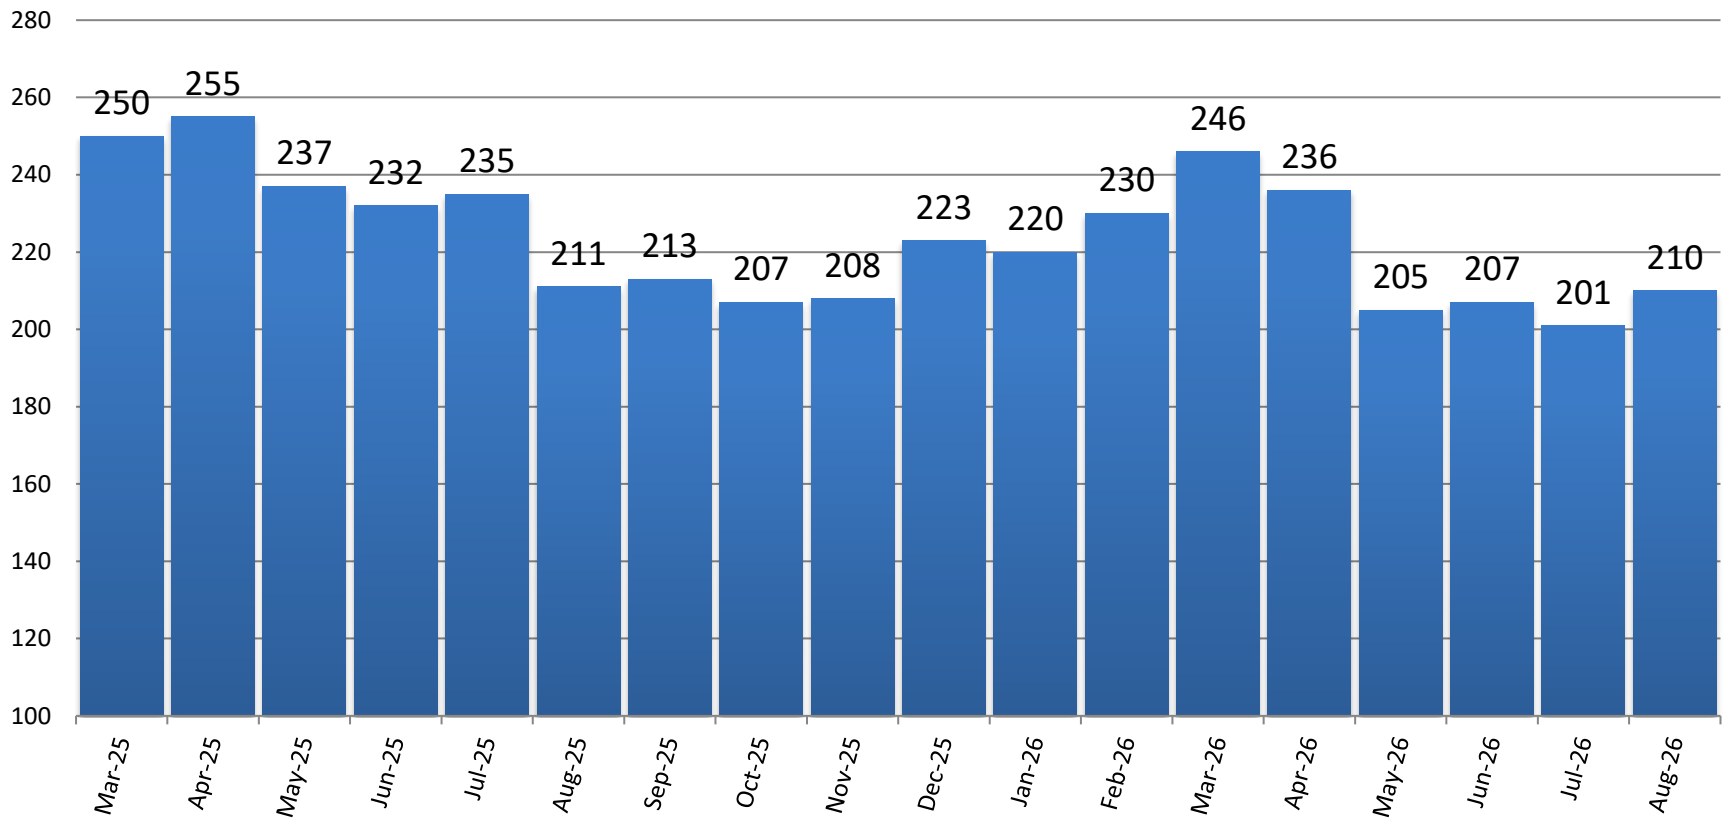

Pre-Trial vs. Post-Trial vs. Holds in Custody

Average Daily Population

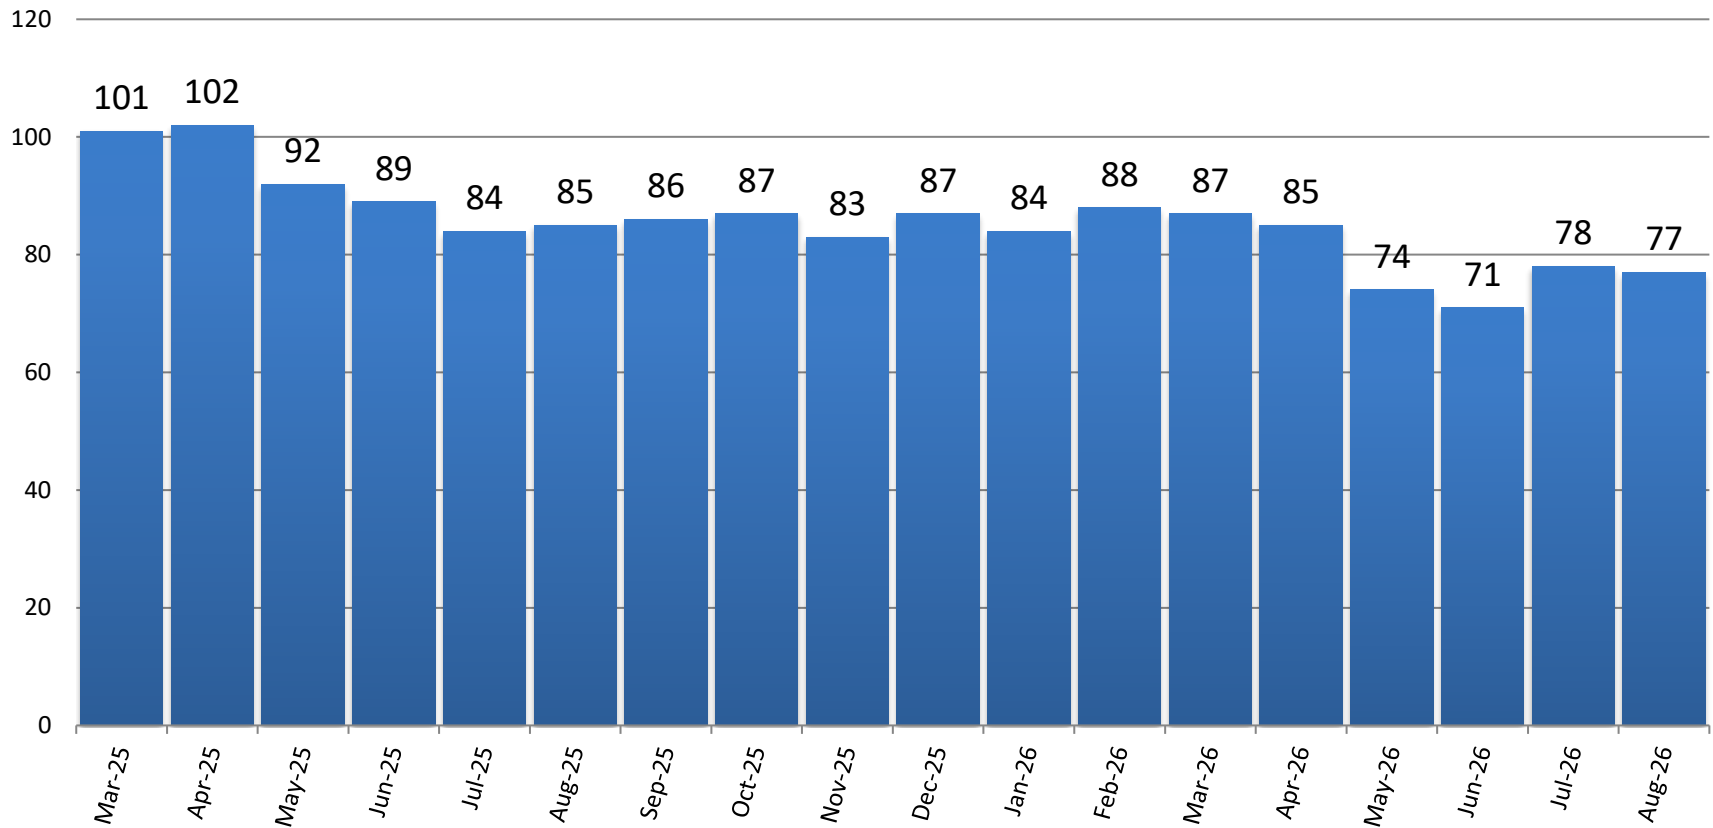

In July, the average daily population for individuals with holds, as well as those who are pre-trial and post-trial, increased.

Count of Persons Held Pre-trial more than 150 Days on First Day of Month

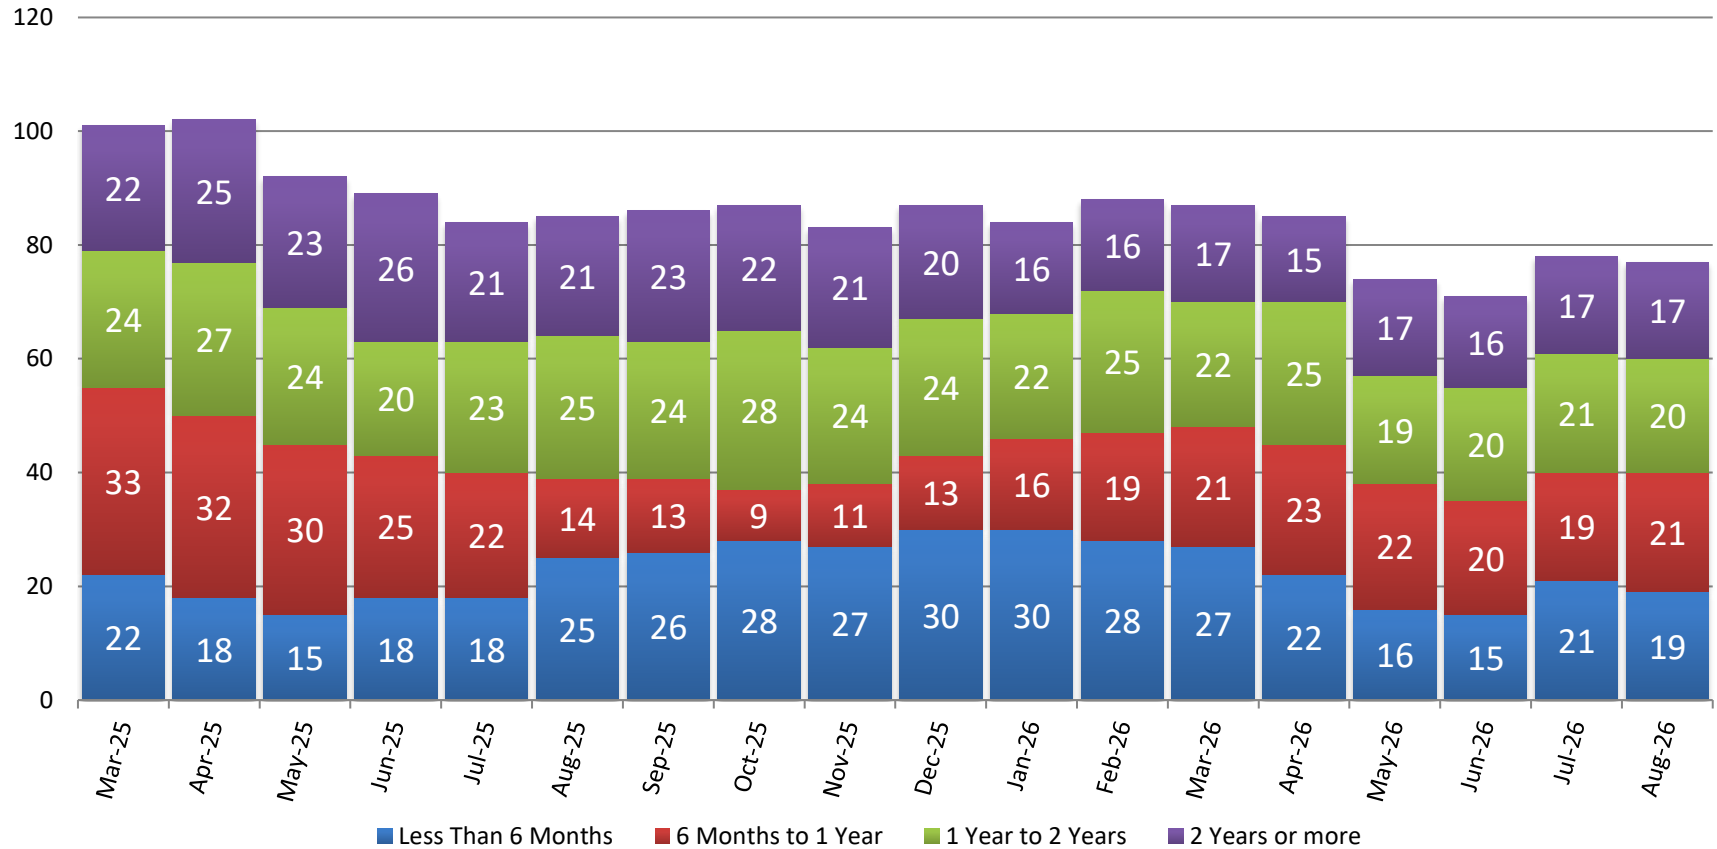

On August 1, 2026, 210 people were held in pre-trial custody for more than 150 days.

Count of Persons Held Pre-trial on Murder Related Charges on First Day of Month

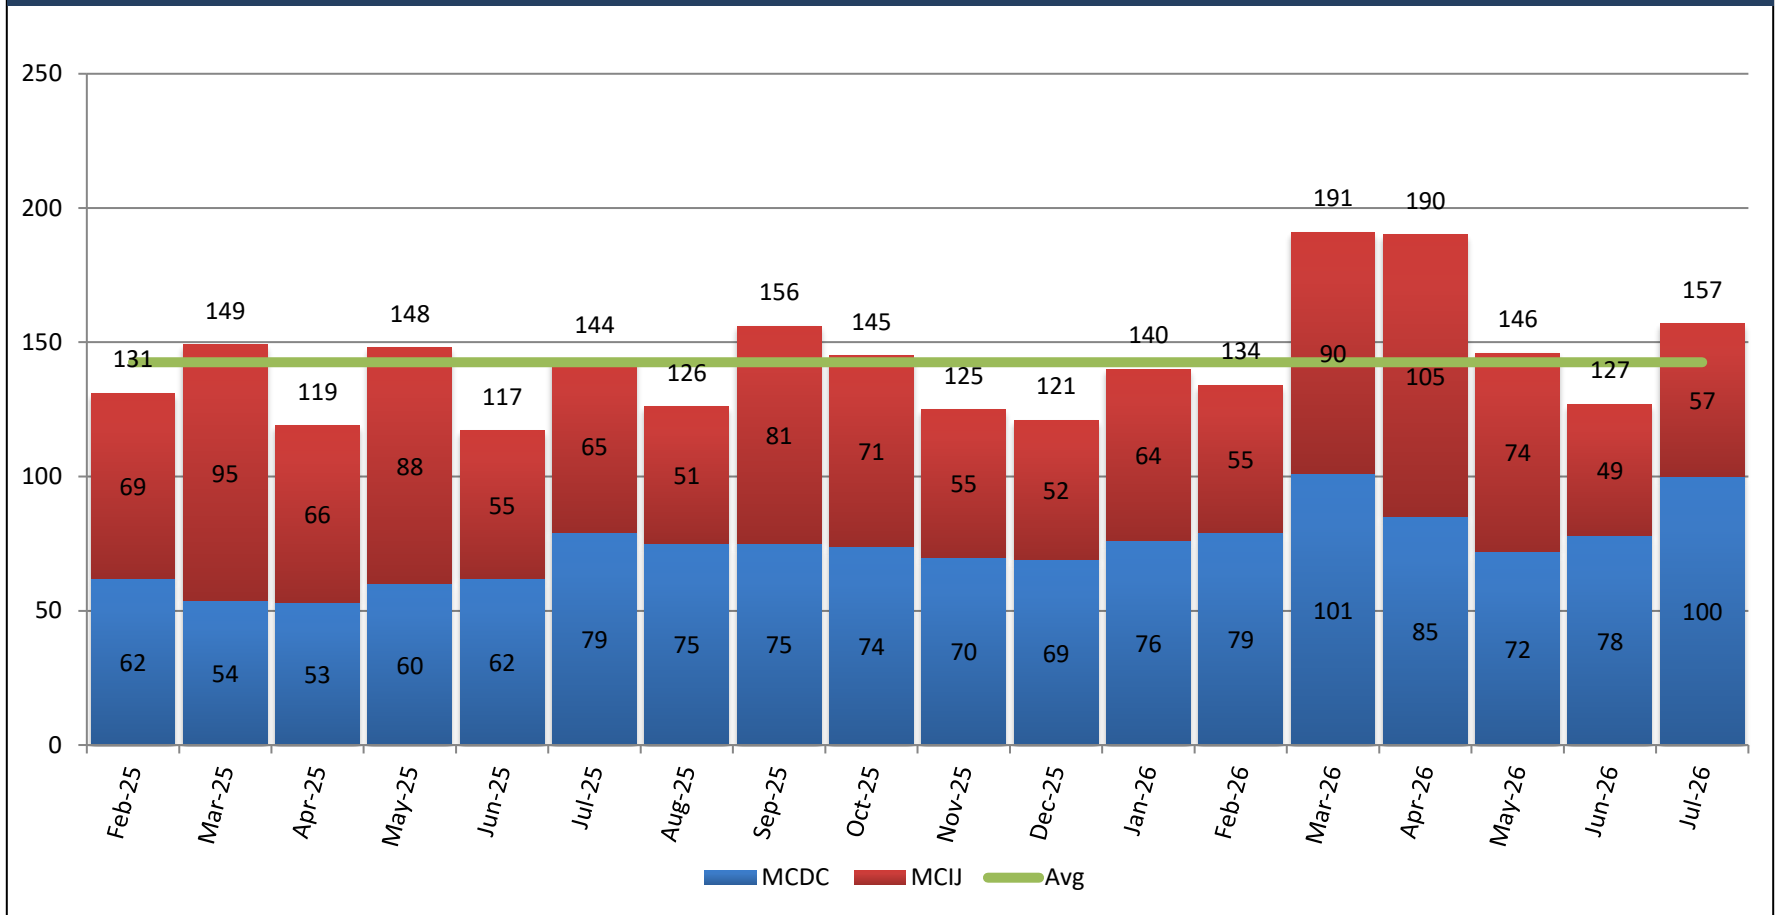

There were 77 people held pre-trial on murder related charges on August 1, 2026.

Count of Pre-trial Persons with Murder Related Charges by Length of Stay on First Day of Month

Persons held on murder related charges tend to have higher lengths of stay while awaiting the outcomes of their trials. Monitoring this group provides information about how quickly these serious charges are resolved.

Jail Misconduct Hearings

Tracking the number of misconduct hearings informs jail management about classification, housing, and other operational issues.
